- Prevents your party line neighbours from placing, or receiving, calls.

Calling

LONG DISTANCE?

*You'll save time
if you know
the NUMBER*

Both Station-to-Station and Person-to-Person calls go through more quickly when you can give the Long Distance operator the telephone number you are calling.

Place your own calls if at all possible. If your switchboard attendant handles the connection, you will save time by remaining within reach of your telephone ready to answer as soon as the connection is completed.
